Arthur B. Duane

Boston

Joseph Lee Jr

Boston

Horace B. Davis

Brookline

F. G. Bennis

Chestnut Hill

(Harvard juniors)

Very clear evening. Orion nebula very fine and
streamers well seen. Jupiter, Sirius,
the Pleiades shown. Saturn seen without
its ring! Illuminated photographs. Also
naked-eye view of the stars from roof
of Busch Building. Very clear evening.

1921

Feb. 14

Open Evening
 Rev. William Worcester of the New Jerusalem
 Church. Mr. Allen read abstract 12
 of the "Young People's Society of the
 Church."
 From Jupiter, Saturn (no rings visible),
 Nebulae of Orion and some bright
 stars shown. Also illuminated photographs.

Feb. 25.

Colloquium.
 Professor Gerrish spoke on "Various Forms
 of Equatorial Telescopes". About 20 present.
 Besides the members of the Astronomical
 Department Professor and Mrs. Jewett,
 Mr. Michael J. Foreman and Mr. Barnes
 of Salem, Oregon.

March 1.

Miss Florence M. Cushing

Wednesday Evening

March 16, 1921.

M. B. Johnson	Dorchester Mass.
M. H. Ford	Boston Mass.
L. W. Norstrom	Brookline Mass.
E. H. Perkins	Melrose, Mass.
P. R. Allen	Auburndale, Mass.
Oliver S. Smith	Winthrop, Mass.
Bessie W. Smith	Winthrop, Mass.
Recil Henry Kirk	Baltimore, Md.
Al Kirk	Philadelphia, Penn.
Francis L. Bayle	Brookline, Mass.

Very clear. The Moon, Jupiter, Saturn, Rigel
 & Orion, & Sirius were clear. Venus was
 seen in early evening, crescent-shaped.

1921

Apr. 13.

Open Evening for the women of the
Observatory and their friends.
Very clear. Jupiter and Saturn in
15-inch telescope from in 12-inch.
Bare trace of Saturn's ring, a thin
line of light.

April 14.

Open Evening
Not very clear.

Colloquium. Dr. Shapley spoke
on Variable Stars. About 30 present.

May 12

Professor George E. Hale of Mt. Wilson
spoke in illuminated Photograph room
in the work at Mt. Wilson illustrated
with lantern slides. Thirty present.

1921

May 12.

Open Evening About 15 present.
 Professor and Miss Osterhout
 Miss Haskell, Miss Osgood and their
 pupils, among them
 Used the 15-inch for Jupiter and
 the moon. Very good.

Sunday.
 May 15

Mr. Gilman and son Gerhart Jr.
 and Mrs. ^{Rose} Williams. I showed them
 Jupiter and the moon with the 6-inch.
 Very happy. On the evening before I came
 alone and had a remarkably clear
 view of the moon with 6-inch. Moon
 at first quarter and a great Aurora
 overhead. This Aurora put the electric
 service out of commission more than
 any on record, it is reported.
