IN THIS ISSUE

This list gives those asteroids in this issue for which physical observations (excluding astrometric only) were made. This includes lightcurves, color index, and H-G determinations, etc. In some cases, no specific results are reported due to a lack of or poor-quality data. The page number is for the first page of the paper mentioning the asteroid. EP is the "go to page" value in the electronic version.

THE MINOR PLANET BULLETIN (ISSN 1052-8091) is the quarterly journal of the Minor Planets Section of the Association of Lunar and Planetary Observers (ALPO, <http://www.alpo-astronomy.org>). Current and most recent issues of the *MPB* are available on line, free of charge from:

<http://www.minorplanet.info/MPB>

The Minor Planets Section is directed by its Coordinator, Prof. Frederick Pilcher, 4438 Organ Mesa Loop, Las Cruces, NM 88011 USA (fpilcher35@gmail.com). Dr. Alan W. Harris (MoreData! Inc.; harrisaw@colorado.edu), and Dr. Petr Pravec (Ondrejov Observatory; ppravec@asu.cas.cz) serve as Scientific Advisors. The Asteroid Photometry Coordinator is Brian D. Warner (Center for Solar System Studies), Palmer Divide Observatory, 447 Sycamore Ave., Eaton, CO 80615 USA (brian@MinorPlanetObserver.com).

The Minor Planet Bulletin is edited by Professor Richard P. Binzel, MIT 54-410, 77 Massachusetts Ave, Cambridge, MA 02139 USA (rpb@mit.edu). Brian D. Warner (address above) is Associate Editor, and Dr. David Polishook, Department of Earth and Planetary Sciences, Weizmann Institute of Science (david.polishook@weizmann.ac.il) is Assistant Editor. The *MPB* is produced by Dr. Robert A. Werner (rawerner@polygrav.org). The Associate Producer is Dr. Pedro A. Valdés Sada (psada2@ix.netcom.com). The *MPB* is distributed by Dr. Melissa Hayes-Gehrke. Direct all subscriptions, contributions, address changes, etc. to:

Dr. Melissa Hayes-Gehrke
UMD Astronomy Department
1113 PSC Bldg 415
College Park, MD 20742 USA
(mhaysege@umd.edu)

Effective with Volume 38, the *Minor Planet Bulletin* is a limited print journal, where print subscriptions are available only to libraries and major institutions for long-term archival purposes. In addition to the free electronic download of the *MPB* noted above, electronic retrieval of all *Minor Planet Bulletin* articles (back to Volume 1, Issue Number 1) is available through the Astrophysical Data System

<http://www.adsabs.harvard.edu/>

Authors should submit their manuscripts by electronic mail (rpb@mit.edu). Author instructions and a Microsoft Word template document are available at the web page given above. All materials must arrive by the deadline for each issue. Visual photometry observations, positional observations, any type of observation not covered above, and general information requests should be sent to the Coordinator.

* * * * *

The deadline for the next issue (48-1) is October 15, 2020. The deadline for issue 48-2 is January 15, 2021.
